

**Creating Sustainable Backbone for Digital Infrastructure**

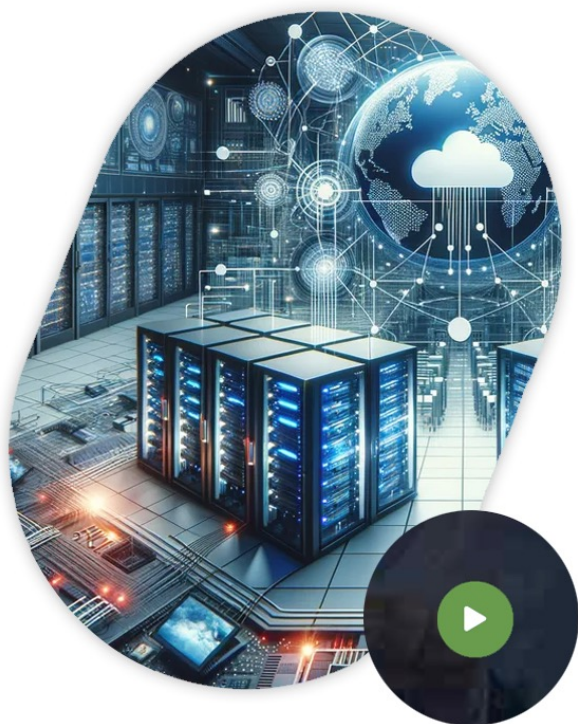

Proposal for Setting Up  
Edge Data Center & EV Charging Stations

 [www.PlanckRed.com](http://www.PlanckRed.com)

## ABOUT US

Innovating for  
**A Digital Future**

**plancK**

## Our **mission** is clear

To build a reliable, efficient and green  
digital ecosystem

Driving human progress while minimizing  
environmental impact.

At Planck, we are revolutionizing the backbone of digital infrastructure and transforming it into a sustainable future.

Through cutting-edge containerized solution for EV Charging Infrastructure and EV Maintenance, we combine innovation, scalability, and eco-conscious practices to meet the growing demands of the digital world.

## ABOUT US

Solutions are delivered by a team of highly qualified, experienced, and certified personnel.

Planck specializes in setting up Digital Infrastructure Networks, EV Charging Solutions, 5G Networks, Cyber Security Solutions, among others.

The proactive nature of our team addresses the number of potential IT issues before they become serious.

Planck offers all- inclusive services to assist with the entire project lifecycle, from strategy to implementation to ongoing support.

## OUR OFFERING

planck

### Electrifying the Future!

Sustainability helps address environmental issues like climate change, pollution, and resource depletion. Sustainable electric mobility is important because it can help reduce emissions, improve air quality and support economic development. This is where **Planck** comes in!

### EV Charging Stations

Planck will set up Electric Vehicle (EV) Charging Stations to support Customer's transition to sustainable electric mobility.

## OUR OFFERING

planck

# EV Charging Station Setup

### Revenue Sharing Model

Planck will handle infrastructure development and operations; revenue shared with Customer.

### Complete Charging Infrastructure

Multiple high-speed EV chargers, EMS, payment and billing systems.

### Sustainability & Environmental Benefits

Promoting the adoption of EVs and reducing carbon emissions.

### Fleet & Public Support

Serving both Customer's electric vehicle fleet and the general public.

## EV CHARGING STATION USPs

plancK

### USPs

- Integration with green power source
- PAN India network

## ROLE & INVESTMENT COMMITMENT

Planck's investing in Capex,  
Customer **saves on Opex**

01

### Full Capital Investment:

Design, construction, equipment and technology deployment covered by Planck.

02

### Operational and Maintenance

Support including 24/7 monitoring, regular maintenance & upgrades and SLAs.

03

### Long- Term Partnership

Long term data management agreement for Edge Data Centre.

04

### Revenue Sharing for EV Charging

Revenue sharing for EV charging and third-party utilization

WHY US

plancK

## Delivering Value Innovation & Impact!

### Expertise & Specialisation

Our team possess in-depth knowledge of industry best practices, emerging threats and advanced technologies.

### Energy Efficiency

Utilizing energy-efficient hardware, optimizing data centre cooling systems and implementing power management techniques to reduce electricity consumption and lower carbon emissions.

### Effective Collaboration

A structured approach to communication helps us design, build and maintain effective multi level collaboration.

### Accessibility

Our engineers work 24/7/365 to ensure that CIOs and their internal IT teams never have to wait for the support.

### Renewable Energy Integration

Incorporating renewable energy sources, such as solar or wind power, into the digital infrastructure helps transition to a low-carbon footprint

### Proactive & Preventive

The proactive nature of our team addresses the number of potential IT issues before they become serious enough to disrupt business.

## MEET OUR GLOBAL ADVISORS

Guided by  
**Experience**

Also our  
**Board of  
Directors**

### **NASSER** BOSTAN GLOBAL ADVISOR

**Nasser Bostan** brings along 20+ years of experience with expertise in AI, Cybersecurity, and GTM Strategy. A Keynote Speaker and NED, he has held leadership roles, including his tenure at NEOM.

### **IMRAN** HUSSAIN GLOBAL ADVISOR

**Imran Hussain** has 20+ years of experience, with a passion for coaching, mentoring, and leading global sales teams. He specializes in orchestrating large transformational deals and has previously served as the MD of BT.

# LEADERSHIP

## TEAM

### MEET OUR TEAM

plancK

**PRASHANT DWIVEDI**  
CTO

Prashant Dwivedi has over 6 years of experience and has completed the **Business Analytics & Optimisation Programme** from IIT Delhi. He specializes in leading **cross-functional teams** across development and operations, driving efficiency and collaboration.

**SHISHIR MIGLANI**  
CEO

Shishir Miglani brings 20+ years of experience as a serial entrepreneur and technology advocate, driven by the belief that technology can transform human lives in unprecedented ways. He runs a series of government-recognized incubators and accelerators across 7 Indian states, empowering innovation and growth.

# ADVISING

## TEAM

## MEET OUR TEAM

plancK

**SHIKHA**  
**MIGLANI**  
**ADVISOR**

Shikha Miglani has 20+ years of experience. She is CEO & Founder of Saarthee, ARC Green Literacy Partner, Founder -Girl of Substance, Social entrepreneur initiative fighting for gender equality. Having over 20 years of industry experience in analytics, technology, and consulting.

**ABHISHEK** TIWARI  
**ADVISOR**

Abhishek Tiwari has over 20 years of experience in Startup Consulting, Data Centers, Public Policy & Government Affairs, and as a Startup Mentor. He brings a rich experience spanning 25+ countries across India, Africa, Europe, and the Middle East, working across diverse industries and geographies.

**BHARAT** GUPTA  
**ADVISOR**

Bharat Gupta has 30+ years of Leadership experience in Govt (1994 UPSC), Regulatory, Defence and Corporate. Executive Director in three companies and independent Director in two companies.

# MEET OUR TEAM

**ROOP SINGH**  
ADVISOR

**Roop Singh** has 12+ years of experience in wealth management and supervision of turnkey projects. Excels in guiding complex projects to successful completion while effectively managing and growing client wealth. He is a valuable asset in achieving exceptional business outcomes and fostering high-performing teams.

**MANISH ZARGAR**  
ADVISOR

**Manish Zargar** has over 26 years of experience in delivering value and impact through partnership and strategic alliance advisory, market intelligence, and customer relationship management. He has the vision and skills to design, build, and operate sustainable and efficient data centers, EV infra, proactive network monitoring, and other digital services.

**RAKESH PUJARI**  
ADVISOR

**Rakesh Pujari** a seasoned professional with over 45 years of versatile experience, has consistently demonstrated his expertise and leadership across a wide array of industries. Rakesh Pujari began his professional journey with the prestigious Thapar Group, where he dedicated 22 years of his career. At the age of 66, his illustrious career reflects a legacy of innovation, dedication, and success in some of the most dynamic and challenging sectors.

**ANIL TANEJA**  
ADVISOR

**Anil Taneja** is an expert in the fields of Mgt. Consulting, SME development, startup advisory, Venture capital, Angel Investing & debt syndication. He is Operating Partner with Venture capital Firm Elev8 Capital AIF which is a \$200Mn growth stage fund. He is also Partner to Incubate hub. He is former Regional Director with PHD Chamber for Himalayan region. He is actively working in startup ecosystem as mentor, jury at various accelerator platforms.
